FOOD AND CIVIL SUPPLIES SECRETARIAT

Dated 5th May 1947.

No. C. 8179. The following Press Note issued by the Government of India, regarding prices of paper imported since April 1947, is re-published for the information of the public:—

PRICES OF PAPER IMPORTED SINCE APRIL 1947.

With effect from April 1st 1947, the protective rate of customs duty of 10 4/5 pies per lb. on writing and printing paper has been replaced by the revenue duty at the rate of 30 per cent *ad valorem*. This will have the effect of increasing the incidence of duty in certain cases. The existing ceilings for imported varieties of writing and printing papers are based on the figures of landed cost which are substantially higher than the average of the audited landed cost figures furnished by different importers for the period September 15th to December 15th, 1946. The existing ceilings include, therefore sufficient margin for the enhanced duty and importers should be able to sell the consignments of writing and printing papers that may now be received with a reasonable margin. In cases, however, where paper imported after April 1st 1947, cannot be sold at a reasonable margin or without incurring loss, importers should apply to the Government of India in the Department of Industries and Supplies for *ad hoc* fixation of prices. In such cases invoices and other documents in original together with the sample of paper should be submitted along with the applications.
